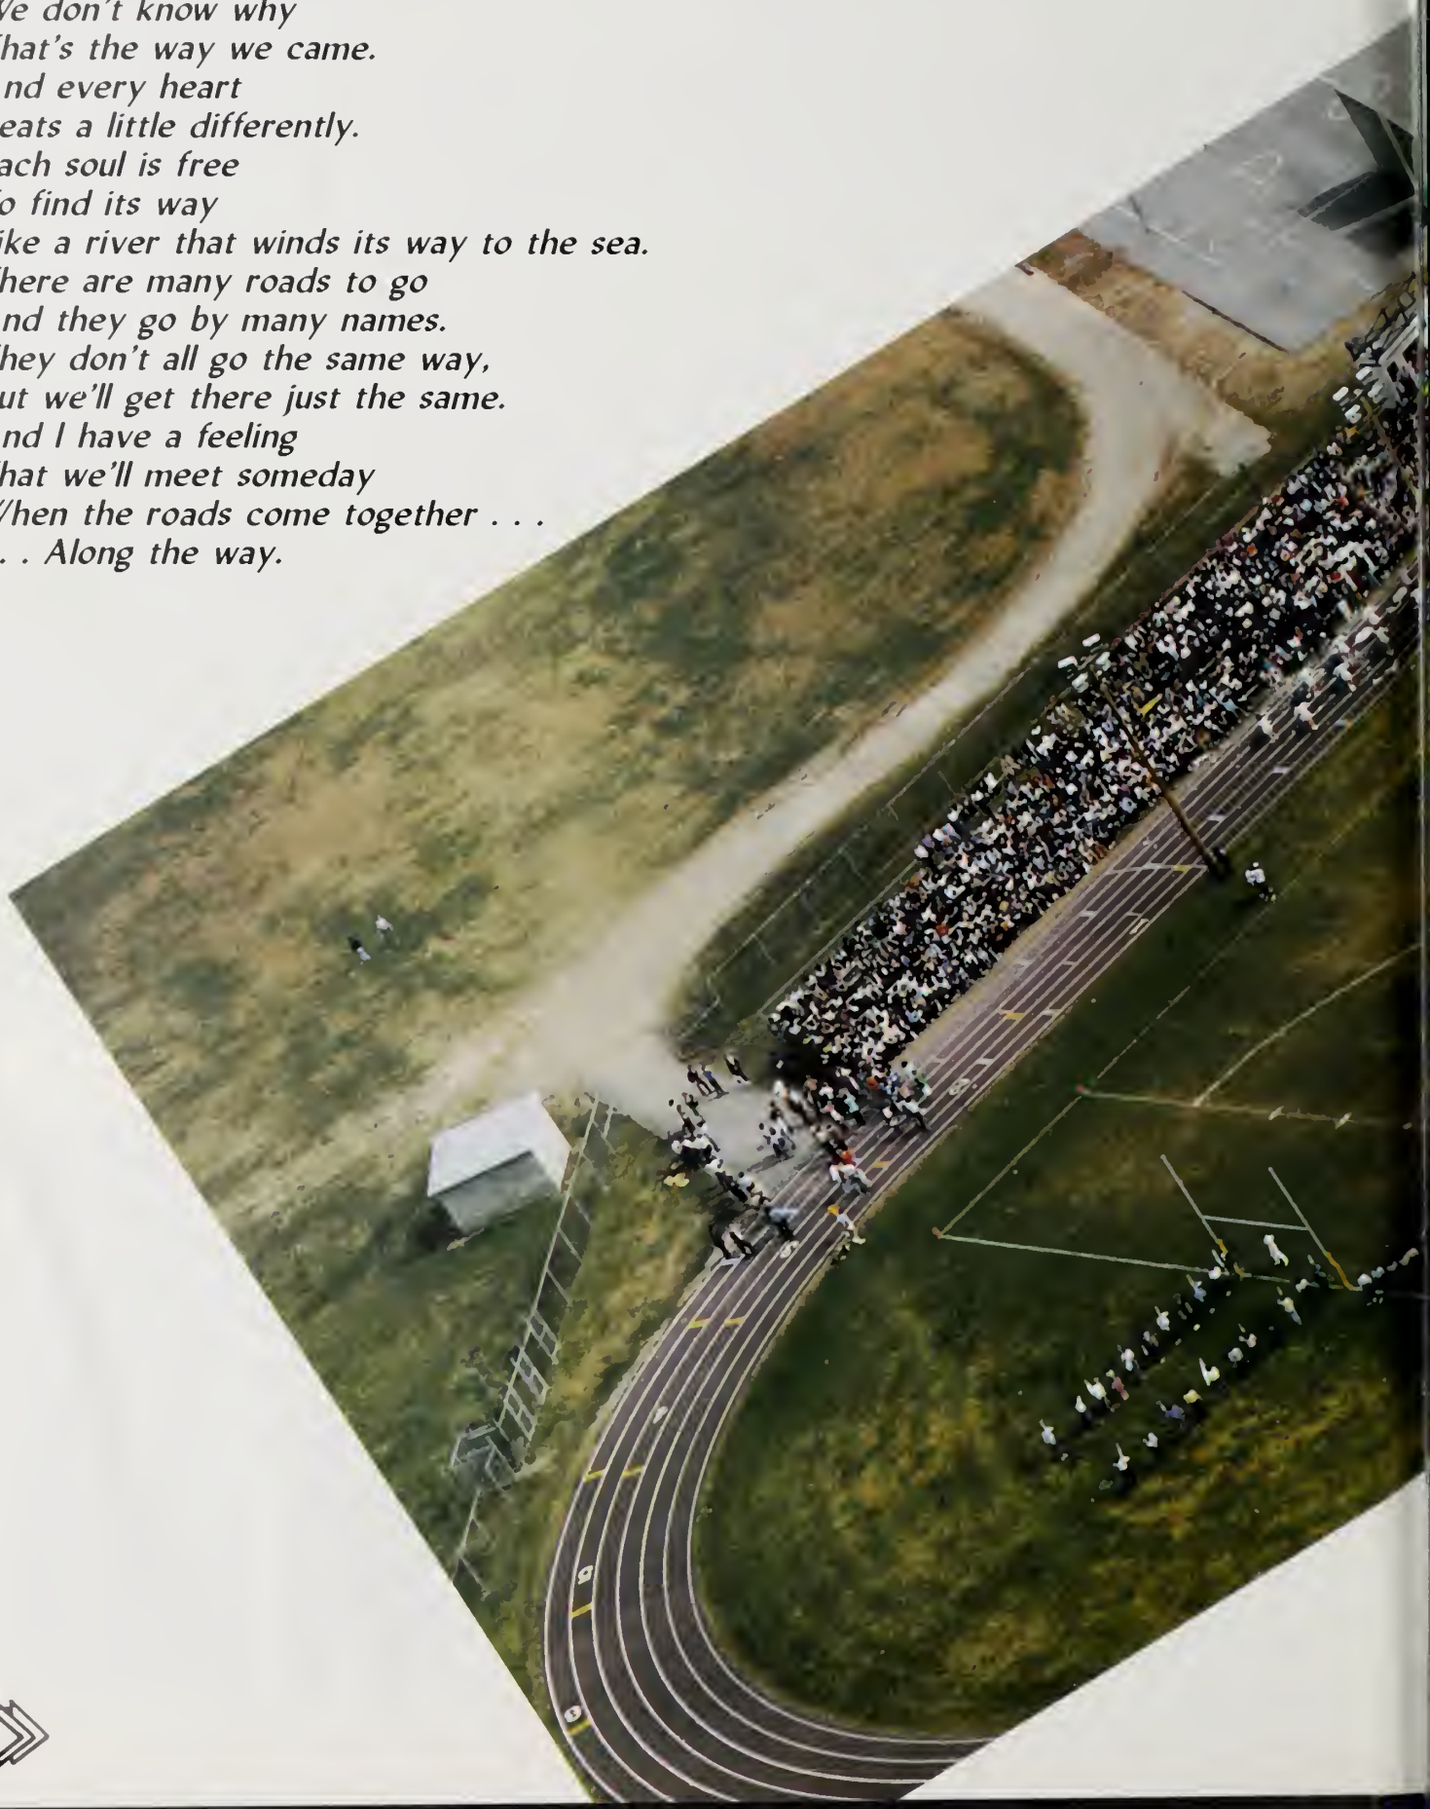
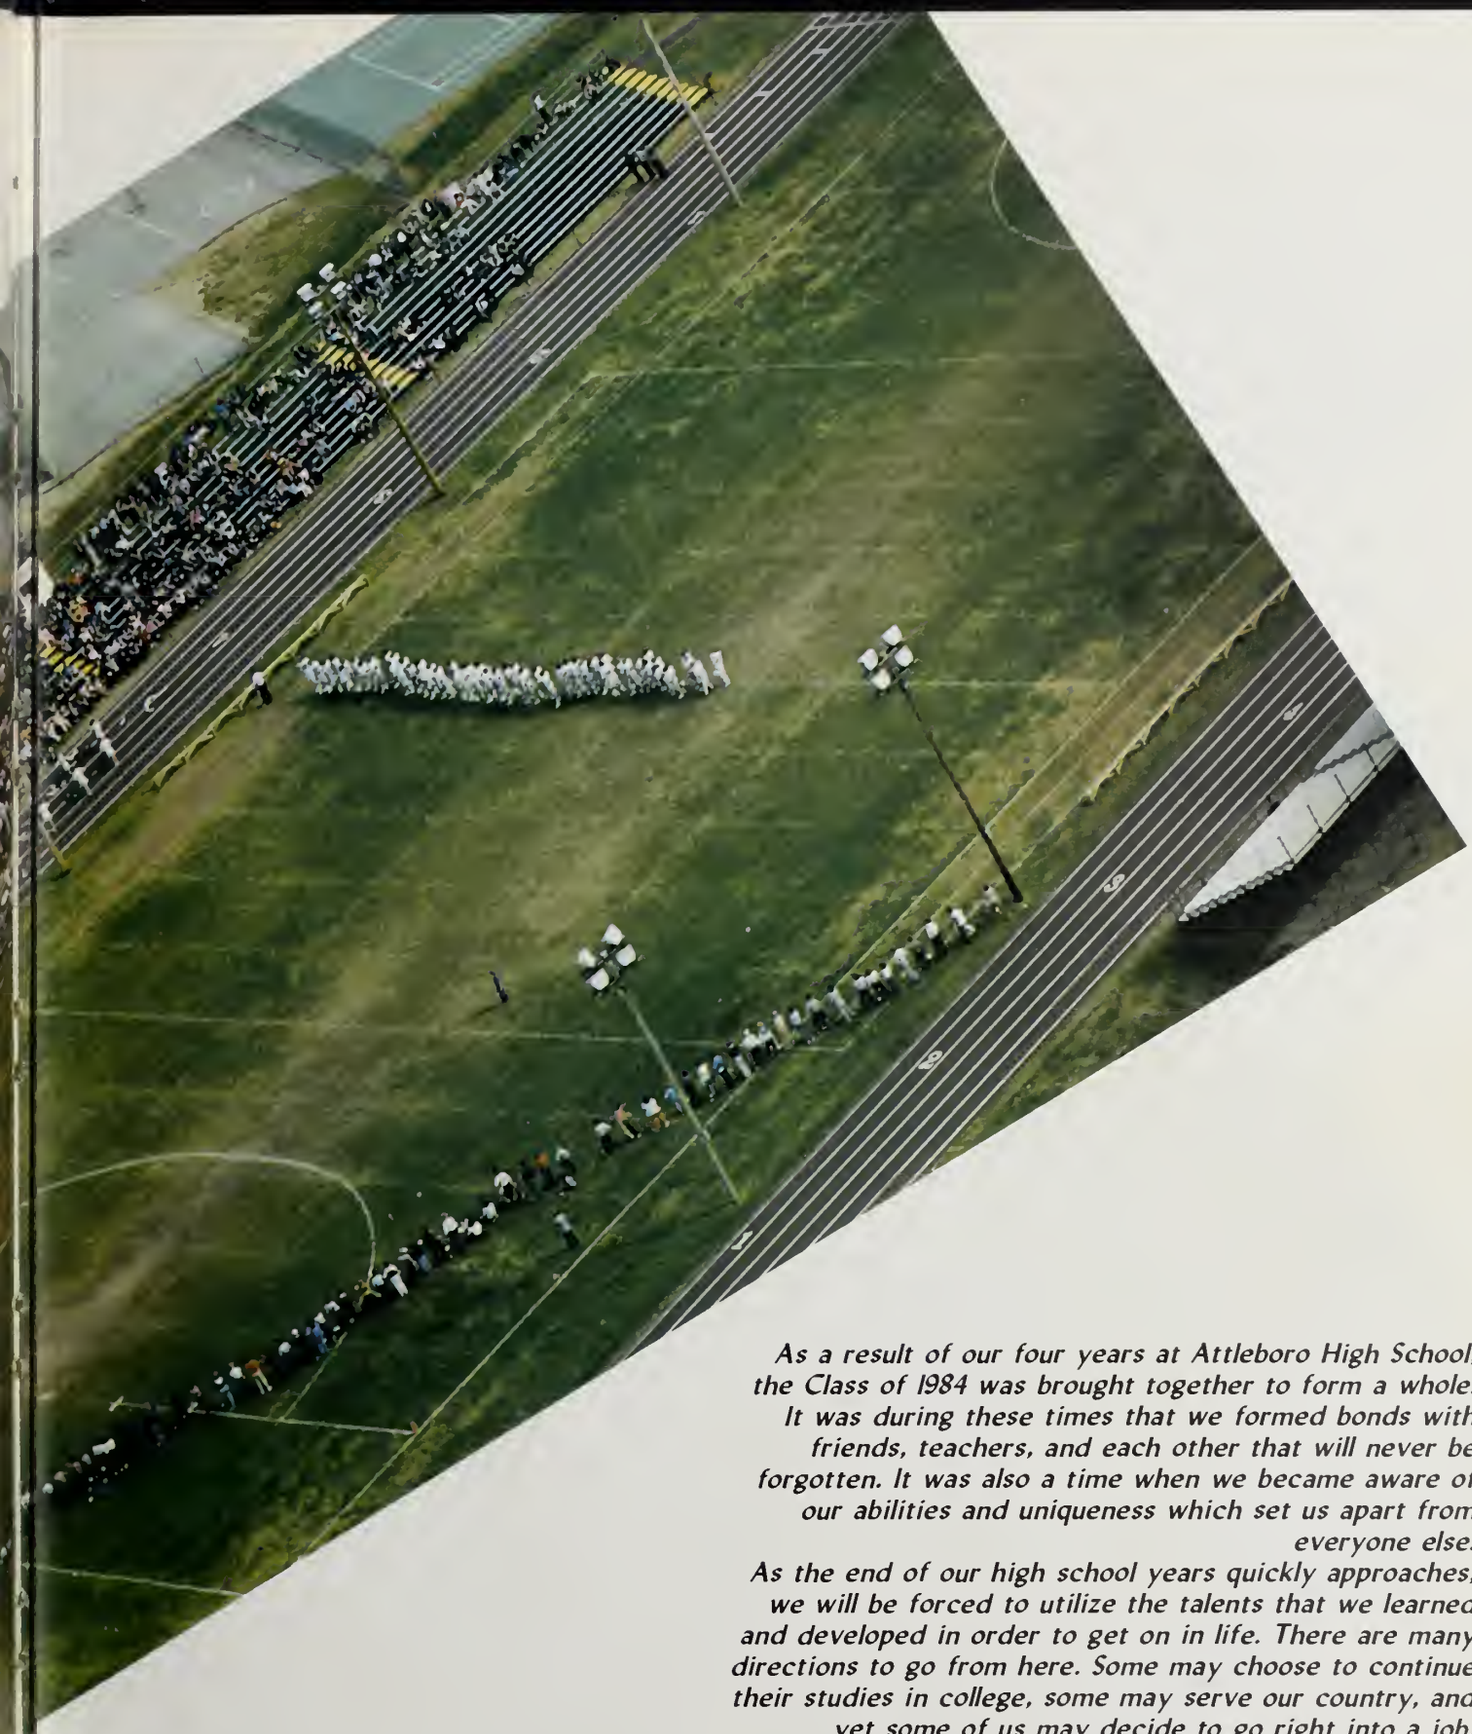
When The Roads Come Together

Not everyone was born the same.
We don't know why
That's the way we came.
And every heart
Beats a little differently.
Each soul is free
To find its way
Like a river that winds its way to the sea.
There are many roads to go
And they go by many names.
They don't all go the same way,
But we'll get there just the same.
And I have a feeling
That we'll meet someday
When the roads come together . . .
. . . Along the way.





As a result of our four years at Attleboro High School, the Class of 1984 was brought together to form a whole. It was during these times that we formed bonds with friends, teachers, and each other that will never be forgotten. It was also a time when we became aware of our abilities and uniqueness which set us apart from everyone else.

As the end of our high school years quickly approaches, we will be forced to utilize the talents that we learned and developed in order to get on in life. There are many directions to go from here. Some may choose to continue their studies in college, some may serve our country, and yet some of us may decide to go right into a job. Whatever the case, the Class of 1984 will disperse. This, however, is not quite the end. Even though we may be alone, we will not be forced to plunge right into life. As members of the Class of 1984, we share a common experience which we will be able to bring into the world with us, no matter where our roads lead.

Not everyone was born the same.
We don't know why
That's the way we came.

And every heart
Beats a little differently.
Each soul is free
To find its way
Like a river that winds its
way to the sea.

DEDICATION

*We "The Class of 1984" are proud to recognize one of the finest persons and advisors AHS has ever provided-***Mrs. Bonneville.** *You should be commended for the job you've done, and that is why we would like to dedicate our 1984 Tattletale yearbook to you. Consider this dedication from both our class and other classes you've helped in the past. We would like to thank you for your unending support of our class, especially when things seemed really bad, for it was you who always said "Don't worry - things will work out" and by gum - they did! Your advise, thoughts and optimistic ideas were always forthcoming and the class of 1984 is all the better for it. We have been one of the most spirited classes to have passed through the doors of AHS and your enthusiasm has kept that spirit a lasting one! You could never be thanked enough for all you've done - but we'd like to THANK-YOU Mrs. Bonneville both as an advisor and a dear friend.*

HIGH SCHOOL ADMINISTRATION

Mr. Robert H. Bray, Principal

Dear Seniors:

Yes, it's already yearbook dedication and distribution time. Your remaining days at Attleboro High are rapidly coming to a close. In a short time you will become members of a community looking back on the years that you spent in high school. When you do, the photos, facts and memories in this book will be your stepping stones to a happy reminiscence.

May your memories of A.H.S. be pleasant ones and may your future, with the skills and knowledge acquired at school, be filled with happiness and success.

Most sincerely,

Robert H Bray

ART

The art department at Attleboro High School is located in a beautiful Visual Arts Center just off the Student Entry area. There are several art studies, each focusing upon a studio, a fabric art area, and an arena-styled studio where drawing and painting are emphasized. There is also a special studio for the Advanced Placement Studio Art students who are involved in intensive creative art studies comparable to those of a first -year college art student.

The visual arts program is designed for the student who enjoys working with art materials, who enjoys studying things through eyes and hands as well as through reading or calculating, and who wishes to explore personal and original ways of expressing ideas and feelings about things thought painting, designing, constructing, or shaping in clay or fabric. An attitude of openness to original ideas and a willingness to try different ways of presenting a thought or an observation are the most important "talents" of Attleboro art students. All students have the opportunity of exhibiting their art accomplishments in the annual "Arts Night" show and some students exhibit their work in special, regional exhibitions such as the Massachusetts Scholastic Art Awards. Advanced students often apply to prestigious art schools and colleges. Many earn art scholarships because college art faculties find that Attleboro High School art students show art work of exceptional quality and diversity.

BUSINESS

The Business Education Department provides A.H.S. students with both occupational training and general economic education.

Three business career paths may be followed by students enrolling in the Business Education Department: secretarial, general clerical, and accounting/bookkeeping. General economic education for all students is offered in General Business Training for freshman and Business Organization & Management for juniors and seniors. The addition of our own "computer room" for accounting and word processing provides A.H.S. students with the latest in office training.

In addition the "Department Store" is managed by the business students.

COMMERCIAL DESIGN

The Commercial Design course of study is based on a three year curriculum of basic, intermediate and advanced art. This course of study is available to any student with art ability who has signified a desire to work in the field of commerical art.

Art work will include the use of: color, pen and ink, charcoal, pastels, tempra, acrylics and pencil drawing, perspective design, layout, air brush, silk screen, graphic techniques, and the proper use of art equipment. A close relationship between museums and industries will be developed to show correlation of a art and practical application.

Two portfolios will be compiled and created by the students: one scholastic portfolio for those who plan to further their education after high school, and industrial portfolio for students completing their formal education at the end of high school and will be entering the commerical art field.

ELECTRICITY

This is a three year course of training in the electrician trade. Both residential and industrial wiring, signal circuits, motors and controls and transformer connections are studied in depth in the school shop using modern instructional equipment in the investigation, measurement and recording of experiments process.

The development of manual skills for the mechanical operations involved in the installation of the several wiring methods in building wiring and practical information on actual trade practices in building wiring is the first phase of this course. Signal systems installations, service, metering and distribution systems according to trade and local requirements, dynamo testing, repair and maintenance, motors, motor controls and transformer connections are then studied in sequence to complete the course.

ELECTRONICS

The occupational Electronics Course offers, in a three year program, progression through a series of learning experiences necessary for entry level employment in the electronics field as a technician. An electronic technician applies electronics theory and testing procedures to layout, build, test, troubleshoot, repair and modify electronic equipment of many kinds. Students use electronic learning kits to construct circuits and write laboratory reports. Chassis are fabricated from sheet metal. Printed wiring boards are produced by photographic and chemical etch methods. Each student will construct and test several basic electronic units. This program also introduces students to the testing and repair of microprocessors and microcomputers.

Repair of electronic equipment within the school system provides necessary work experience. The course aims at a balance of theory and practical hands-on experience.

ENGLISH

The English Department at Attleboro High School offers twenty-five different courses, and it services over 2000 students. Every student in the high school takes English for each of his or her four years in the school. The department offers four different phases of English in order to provide for different learning abilities within each grade level, and honors courses are availalbe for students in the Sophomore, Junior and Senior years. In addition, the department offers a variety of electives in fields such as: Verbal Skills, Oral communication, Television Production, World Literature, and Drama Workshop.

FOREIGN LANGUAGE/ BILINGUAL EDUCATION

The department of Foreign Languages at Attleboro High School offers a five-level sequence in French and Spanish, and two years of study in Latin and German. The program aims to develop all four skills of language learning- listening comprehension, speaking, reading, and writing in the modern languages. In Latin, the emphasis is based on translation, reading, writing and its relationship to the English language.

Six well- qualified teachers staff the Department of Foreign languages which is housed in contained classrooms on the first and second floors of "A" building. The program in foreign languages, which is elective, is designed for college preparatory students.

The Department of Bilingual Studies at Attleboro High School offers a comprehensive program of bilingual education for students of limited English speaking ability. Fluency in English is the primary objective of the program with offerings in Mathematics, Science, Social Studies, and Spanish.

GRAPHIC ARTS

The object of this three year course is to train students in the fundamentals of the various branches of the printing industry. Covering three full years and taught in a modern, up-to-date shop, the course includes all phases of the two major methods of printing: Letterpress and Offset Lithography and Phototypesetting.

The method of instruction includes basic and advanced theory, taught in the classroom, as well as the production of actual jobs produced on the same equipment and under the same shop conditions as those found in the industry. Jobs produced run from the simple to the more complex, thus preparing the student for job placement in the printing field.

GUIDANCE

The goal of the guidance department is to help each student develop a positive self-image and maximize his/her educational experiences at Attleboro High School. Each student is assigned a counselor when he/she enters the high school. To provide continuity and to strengthen the student/counselor relationship, the student works with the same counselor throughout his/her years at Attleboro High School.
Guidance and counseling services are offered in a variety of settings, including small group meetings and individual conferences. Individual student/counselor conferences include educational, personal, social and career counseling. During the first semester of the freshman year, counselors meet with their students once a week as part of the 9th grade guidance curriculum. Post high school planning begins formally during the junior year. The school selection process, the entrance examination schedule and the financial aid process are explained to students and their parents. Career exploration and planning continues throughout all four years. Students are introduced to the extensive collection of career materials in the Career Resource Center and conferences are arranged with members of Attleboro's business and industrial community.
The guidance services of Attleboro High School do not terminate with a student's graduation. The guidance staff, the guidance libraries and the materials in the Career Resource Center are a continuing resource for graduates and members of the community as they consider their educational and career options.

HOME ECONOMICS

The Home Economics department offers courses in Child Development, Foods and Nutrition, and Clothing and Textiles.

Child Development is designed to give students some understanding of how children develop physically, emotionally, and intellectually. Students learn about children from birth to six years old. Also included is a student planned and prepared nursery school.

Foods and Nutrition students learn practical cooking skills. They also study nutrition and how they can improve upon their dietary habits. Budgeting the food dollar, consumer buying, food and fitness, and preparing nutritionally complete meals, is also studied.

Clothing and Textiles will cover all the skills necessary for the construction of three garments chosen by the student and teacher. Emphasis is placed on today's patterns and textiles, on the care and operation of the sewing machine, construction techniques and understanding, and following an instruction sheet.

MACHINE DRAFTING

This is an intensive three year course in the drawing of machine parts, tools, dies and fixtures.

The course begins with the introduction of the Graphic language of drawing and provides the student with a basic foundation from which to launch a Drafting Career.

Although the emphasis is on the Industrially oriented Machine Drafting assignments, many other avenues are explored to enable the student to select any one of a number of options available in the field, either in advanced educational pursuits or various trade areas where Drafting skills and personnel are required.

Skills are developed and a well rounded knowledge of the trade is provided to permit students to follow through from idea, to sketch, to layout, to complete drawings containing all information for fabrication and assembly of a wide variety of component parts.

MACHINE SHOP

The objective of this course is to offer training in machine shop practice. Instruction in this field consists of training in the operation of basic machine tools such as lather, milling machine, grinders, numerical control and electrical discharge machines.

In the related theory classroom the student is taught mathematics, science and blueprint reading which are necessary in the operation of conventional and highly technical toolroom machines of today. Upon completion of this course the student is equipped to enter industry as machine operator, apprentice machinist or he may enter into specialized areas such as experimental machinist and tool and die makers, programmers and numerical control machine operators.

MATHEMATICS

The mathematics department offers a wide range of courses to meet the needs of all students. There are honors courses for each college preparatory subject with Advanced Placement Calculus offered to students who wish to enter college with advanced standing. Statistics and Computer Science are offered as electives.

Two years of mathematics are required for graduation and for students who do not require college preparatory courses. The department offers courses from Alternative Math for the learning disabled to Shop Math for students who wish to be certified in certain occupational areas.

The department has a math team which competes in three different leagues.

METAL FABRICATION

The three years of curriculum experiences will allow students to proceed completely from designs to finished product utilizing facilities in pattern drafting, welding, etc. of metals. Craftsmanship and correct work habits will be stressed with skills being progressive. Welding will be emphasized with experiences in gas welding, electric welding, TIG (heliarc) welding, and MIG welding. Typical projects range from an outdoor barbecue to a utility trailer.

The student will be provided with the knowledge for calculations of bend allowances and procedures related to the trade and will be assisted in the development of blueprint reading skills and the exploration of manufacturing processes to include lay-out of intersections and developments for sheet metal fabrication.

MUSIC

The music program at Attleboro High School is varied and designed to suit the needs of all students with an interest in music. Classes in theory and guitar as well as choral and instrumental performing groups are available.

Throughout the year, the activities of the performing groups are equally varied and extend widely into the community. The band, besides its committment to the football season, appears at numerous parades, and festival chorus and vocal ensemble present many concerts for civic organizations, as do the stage band and the orchestra.

Each year, many talented students participate in the district and all-state festivals sponsored by the Mass. Music Educators Association.

PHYSICAL EDUCATION

Physical Education at Attleboro High School has two major areas of emphasis: Health Related Fitness and Survival Skills. Health Related Fitness consists of Cardiovascular fitness, muscular strength, flexibility, body composition, and life time activities. Survival Skills consists of CPR, survival swim, drug education, and basic first aid.
The intent of the Physical Education staff is to have all students develop a mastery of the Survival Skills, to have all students be able to assess their own health related fitness level, and be able to develop their own health related fitness program for the rest of their life.
Those special needs students who cannot safely and/or successfully participate in the regular physical education program, have an education plan developed to meet their individual needs through the adaptive physical education program.

RESOURCE CENTER

The Resource Center at Attleboro High School, in addition to having volumes of reference materials and books for enjoyment, is comprised of many useful areas such as the career resource center, the audio visual area and the television center.

The career resource center is a development area, which is beneficial for a student researching an occupation or a particular college.

The audio visual department contains a variety of complex equipment which both students and teachers are able to use.

The television center is a new facility with hi-tech equipment. The students involved in the center learn how to use television production equipment. It is an excellent program that is a great experience for anyone interested in researching a career in television.

READING

The Reading Center at Attleboro High School is designed to improve the reading skills of the student. The main goals of this course are to improve basic word attack skills and also to improve reading comprehension.

All of the work required to be performed by the student is individualized according to that particular student's need for a specific area of reading development.

SCIENCE

The Science Department at Attleboro High School offers a wide and varied program of courses. Four major disciplines are represented. This includes: Biology, Chemistry, Earth Science and Physics. Within each discipline, the Science department offers courses for students to meet the general graduation requirements and college preparatory courses. Higher level science courses are also available for those who wish to pursue science as a major in college.

Opportunities for laboratory experimentation and independent research are made available to those students who demonstrate an interest in seriously exploring a science related career. Numerous experiences are available in conjunction with college and research facilities, both locally and throughout the nation.

The staff is well prepared to offer programs to students to enter technical training, research, or to help develop an interest in the current developments of science.

SOCIAL STUDIES

The Social Studies Department of Attleboro High School is staffed with ten qualified teachers and a department chairman. The school requires that students take 12.5 credits in social studies with a basic world history or western civilization program in the ninth grade, a United State History course in the tenth grade and a contemporary affairs course in the twelfth grade. Students become involved in numerous, interesting activities such as, the study of ancient cultures through the "dig", and field trips to historic sites in the area. Attleboro Law Day activities, local and state Student Government Days add other perspective to our curriculum. Gifted students can enroll in the honors United States History program and special needs students can enroll in a variety of different programs.

TECHNICAL DRAWING

The main goal of the Technical Drawing Department is the development of a working knowledge of the graphic language . . . . . the idea of communicating thoughts from one person to another.
A drawing is a graphic representation of a real thing, an idea, or a proposed design for construction. Drawings may take many forms, but the graphic method of representation is a basic natural form of communication that is universal and timeless in character.

VOCATIONAL SKILLS

The Vocational Skill Development Center (VSDC) evaluates occupational/vocational interests and aptitudes, provides pre-vocational experiences, develops work and study habits conducive to vocational programs, and provides vocational entry level skill development to the occupational student. The center provides the resources for the occupational student to have corrective and remedial instruction.

The VSDC houses three (3) concentric but distinctively different programs. Each deals with a different school population starting with the middle school (grade8) and follows through the senior year (grade 12).

IN MEMORIAM TO . . .

DAVID PEDRO
"Freebird"
1965-1983

Remembering him in each and every way
Now that he has passed away.

We mourn that he has left us,
We think of things we could have shared.

But God gives us a sweet consolation
And lifts us, the despaired.

In our grief we ask, "Why . . ?"
But there is no answer.

Only what he brought us;
A lasting friendship that will never die.

He will always be treasured in our hearts.

ED DOBEK
1965-1984

Ed Dobek was a member of the class of 1984. Those of us who were fortunate enough to have known him became familiar with his warm personality. He always had a pleasant smile. Despite his disabling illness, he was never discouraged. Ed enjoyed the widespread support of the Attleboro community and was the focus of various activities in his behalf.

Although he has not been able to share in many of our high school activities, he remains in our thoughts as a member of the class of 1984.

RALLIES '84

The Rallies brought much spirit into A.H.S.! Our first rally of the year featured all of the fall sport teams.

One disadvantage to our rallies this year was that they were always held outside because of the renewal of the gym floor, but the Thanksgiving day rally and the powderpuff rally were still great successes.

Overall, the rallies of the 1983-84 sports season, led by the cheerleaders and the band, proved to be very enthusiastic.

POWDERPUFF

POWDER. 19 +++ 83 PUFF

The Junior and Senior girls battled it out on the gridiron on November 13, 1983. The weeks of practice seemed to pay off as the Juniors beat the Seniors 12-6. Victory was not easily gained, however; the Seniors really put up a fight!

I, S.B. will to Markie a lifetime of kisses.
I, Kim McAloon, will to Danny all my love forever, to Beth, Sue and Rose thanks for the great times we had, to Darlene, good luck with Joe, to Kris, for being a great sister and good luck with everything.
I, Tim Dunbar, will to Mike Titus all my old teachers, my books, and all the homework I never did.
I, Bonnie Smith, will to Wally the coffee man a one year supply of coffee and an everlasting friendship.
I, Bonnie Smith, will to Rose Stewart, Kathy Tavares and Sandy Southworth an ever-lasting friendship and good times at Horseneck beach.

Twelve years of schooling have come and gone. To some it was a fast twelve years and to some of us it was slow, but our four years at A.H.S. are now in all of our memories and our memories alone. We partied together at the Junior and Senior proms and at our Junior Powderpuff game when we tied the Seniors. We showed them! Remember our incredible fundraisers? Both were well over $5,000, and that is what it was all about. When the class of '84 needed funds, or anything for that matter, we all banded together. Except for the upset in Powderpuff as Seniors, we had an extremely productive and successful final year. Everyone had an enjoyable night at the Senior Prom, which was held at the Sheraton Mansfield on November 18, 1983.

Soon after the prom, planning of the Donkey Basketball game, Senior Class Night, Senior Reception, and the Senior Breakfast began. Our early planning paid off for the best Senior class activities ever.

As the years have come and gone, so has the class of 1984. But we leave not on a sad note because we seemed to set the standards for having good times and school spirit! We've done many things well and it all can be attributed to each and everyone of you who have made up the class of 1984. Always be proud of your school, your class, and yourselves because the joy you've given over the past twelve years has been immeasureable. We had some rough times in the beginning of the year when our assemblies were cancelled but we stuck it out and that determination to prevail will show through all of us in the years to come. The good times help, and for sure we had a heck of a lot of good times during our four year stay at A.H.S.

I want to wish you all the best of luck especially John, Chris Ann, Marcia, Patti, the Senior representatives, Mr. Burbank and Mrs. Bonneville our advisors, and all those who made our four years at A.H.S rememberable ones. From the bottom of my heart I say this: I love you all, may god bless you and point you to the road of unending happiness. I wish you all the best of luck in the future and in all that you do.

Sincerely yours,
Barry Depot
Senior class president

FRESHMAN SOCIAL

On May 29, 1981, our Freshman class started a new tradition at Attleboro High School. It was the Freshman Social and the school had never had one previously. The Social was held in the student forum area of the school and the students were also able to walk outside into the courtyard.

The Culinary Arts Department catered this event with soft drinks and pastries.

"Bopping Bob" was the DJ for the Social and our theme song was "The Best of Times" by Styx.

The First Annual Freshman Social was a smashing success!

SOPHOMORE GATHERING

The Sophomore Gathering, a more formal event than the Freshman Social, was held at the Heather Hill Country Club on April 16, 1982. It was a successful semi-formal dinner dance well-organized by the class officers.

A delicious chicken dinner was served and then everyone danced to the great music of "Sight". At 10:30, everyone danced to the last song of the night, our theme song, "Open Arms".

It was an exciting night which had everyone looking forward to the Junior Prom.

JUNIOR PROM

One of the highlights of our junior year was the Junior Prom. It was held on the top floor of the Biltmore Plaza in Providence on April 29, 1983.

The night started out with a delicious meal and a cake cutting by the officers. It continued with a great night of dancing with music provided by "Secret Agents". They played many popular songs including our prom theme "We've Got Tonite". During the night, the students also voted Coreen Healy as prom queen with Colleen Mellon, Anjali Mallik, Heidi Young, Patti Lambert, and Kelly Searle in the queen's court.

Overall, the Junior Prom was a wonderful, fun-filled night of dance, friends, and many wonderful memories.

SENIOR PROM

November 18, 1983 was the date of the biggest and most awaited event of the senior year, the Senior Prom! The Sheraton Inn in Mansfield seated 200 couples in their most ornate room. At 7:30, the Jerry Seeko Band started playing dinner music as the first course of a meal consisting of a fruit medly, garden salad, Chicken Cordon Bleu, and ice-cream pie with strawberries was served. The gown and tux clad couples then hit the dance floor with a variety of pop songs including the prom theme, "Faithfully." Students voted Patti Lambert as queen with Anu Viitala, Anachu Zabalbeascoa, Tammy Chamberlain, Joanie Medieros, Sue Chartier, and Colleen Mellon in her court. Pictures taken by a T.D. Brown Studios photographer provided many memories of this fun-filled night.

With only one year remaining, some of us were already planning ahead; but we will always look back on this year as one of the most fulfilling and rewarding experiences of our lives.

We started off our Junior year hoping to continue our reputation as "The Most Spirited Class". In early October, practice for the annual Powderpuff game began and our spirit grew to a high! As we took to the field on November 13, 1983, we gave it our all and the Seniors saw defeat, with a score of 12-6. A special thanks is given to our cheerleaders who cheered us on to VICTORY.

With Thanksgiving right around the corner, we spent many of our nights completing our float. Despite a fine effort turned in by the AHS Football Team, we were unable to "BOWL 'EM OVER."

With most of our activities behind us, we started organizing what was to be a most memorable night, our Junior Prom, held on April 14, 1984, at the Holiday Inn in Providence, R.I.

At this time, I would like to thank my fellow officers and representatives for a fun and exciting year. I would also like to wish every member of the Class of 85 good luck in whatever course you choose to follow in the years to come.

The class of 1986 entered its Sophmore year with a great deal of enthusiasm and a desire to prove it. Our enthusiasm got a little beyond planning, causing our October carwash to be more of a learning experience than a fundraiser. The setback doubled our drive and trippled our determination. Our main fundraiser in November turned out to be quite successful. Meanwhile, months of hard work and preparation paid off on November 24th, when we presented our float. As our spinning football filled the sky with balloons, one of the judges summed it up best when he said, "Gee, that is awesome." Later we secured a place for our Junior Prom. Then it was on to the Sophmore Gathering on April 18th at Highland Country Club.

I would like to thank all those people who helped make this a good year. Most of all I would like to thank John. He really came through when we needed him. It has been both an honor and a pleasure. Good Luck next year.

The Class of "87" entered it's first year at A. H. S. with many hopes and dreams, and also alot of challenges and fears.

Soon after our freshmen year began, we elected our class officers. They were: Sheri Miller-Vice President, Crystal Rainville-Secretary, Patty Colombo-Treasurer.

Our first project was our freshman float, which was very successful. An up-coming event will be our freshman social, which will be held in May.

I've enjoyed being President of the freshman class, and I hope the future is rewarding to the many fine members of the class.

I wish good luck to everyone.
Thank you,

I was really happy when I heard that I had been chosen as an exchange student to the U.S.A. First I thought that a year would be a long time and I would miss my parents and friends, but the time passed really quickly and now June is so near and it's time to go back to Finland. I want to thank all my friends here and my host family. You have been so kind to me. Thank you also to Attleboro High School for taking me in here. I have had a wonderful year! Maybe some day I'll be able to come back and see you all again

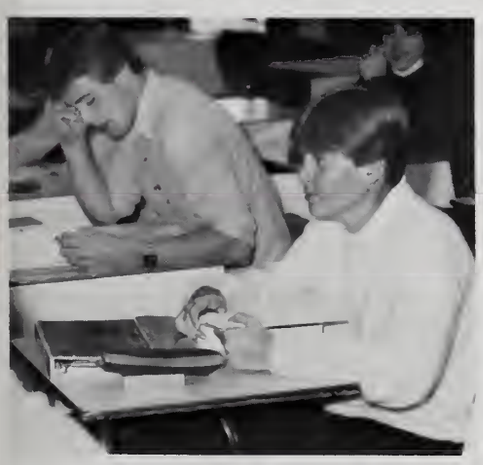
Yours,
Ann Ropponen

My name is Jean Robert Nordenstam, I am 17 years old, and I am an exchange student from Norway. I am glad that I have been attending AHS as a senior this year. I have always wanted to come to the U.S.A., now I have been here, and it has been an exciting year. I have learned about the differences between the U.S.A. and Norway, how it is to be an exchange student, and how it is to be away from all my friends and family for a whole year. There have been times I thought that I would go crazy and I wanted to go back to Norway. If it weren't for all the new friends I have made here I could not have made it. So thanks everybody: teachers, students, and especially my great host family. It has been really nice to meet you all and I thank you for an exciting year. There is only one thing left to say and that is "Good bye AHS!"

Love,
Jean

I was very lucky to get an opportunity to live with an American family and to attend AHS. At first, when I came here, I was a little bit afraid and yet excited because everything was so new and different from Finland. But after a while, when I learned more about your country and culture, things turned out to be just great. I also got alot of new friends, which made my stay here a great experience. I want to thank you all at Attleboro High School for being so kind to me and always ready to help. I'll never forget this year!

Missing you,
Anu Viitala



Hi! This is Anachu. I'm so happy to be here. When I first came here I thought it was going to be something great, but I didn't know it was going to be so easy to make friends. You're all so nice. I am really enjoying it here and although June is still quite far away, it really hurts when I have to think of leaving. But, I don't worry about that. I'll be here at least every five years- definitely! Just take care and always be like this. Thanks alot for everything and remember always that SPAIN LOVES YOU ALL!!!

Love love love,
Anachu Zabalbeascoa

Before I came to this school I was worried about what it would be like. I asked myself questions like: "Will the people at school accept me?, Will I find new friends?, and Will I have many problems with my classes?" Now I know that I had no reasons to be worried. All the people at school are so nice!! Many kids offered me their help and without the help of the teachers, I would never have been able to master my classes! I want to thank you all for being so nice to me! A special thanks goes to Mrs. Nerney, Mr. Zani, Mrs. Cuocco, and all the other nice people in the offices. I want to thank you for the great time I had at AHS!

Christiane Eb
(West Germany)

One year in the United States is a fantastic experience for me. I have always wanted to stay in another country, and I'm glad that the U.S.A. was my choice. People here in Attleboro have been very nice and friendly. I miss my native country of course, but home sickness disappeared after a few weeks, thanks to my host family, who is excellent, and all the friendly people I have met here in Attleboro. I hope to see more of your great country during the time I have left here in the United States. There's only one day I don't look forward to, the day I have to leave. It will be nice to go home to Norway of course, but I will miss the United States of America.

Thank you very much, all of you!

CROSS-COUNTRY ROAMS THE ROADS TO VICTORY.

Led by Jim Biziack, the team captain who finished fifth in the Class A state meet out of two hundred, the boys of the cross country team did very well with a dual meet record of 5-1. Their only loss was to Falmouth High School, the state cross country champions. With a dual meet record of 1-5, the girls of the team placed fourth in the conference meet; placing ahead of three of the teams that had defeated them previously. The girls placed ninth out of the fifty-three Class A teams in the state. With sixteen people lettering in cross country this season, the team looks forward to a successful season next year. Good luck to next year's co-captains, Mike O'Connell, Jason Cupp, and Stephanie Antosca, along with the rest of the team.

A.H.S. FIELD HOCKEY DRIVES AHEAD

Seniors dominated the 1983 Field Hockey Team providing 9 out of the 11 starters. The season's record fails to reflect the outstanding individual play of the girls, particularly the superior defensive play of Joanne Barrett in net and the scoring of Pam Harris.

Seniors Deb Seferiadis, Sue Dumouchel and Chris Poirier, led by co-captain Pam Harris on offense, ran the opposition all over the field. Seniors on defense led by co-captain Coreen Healey's skilled stick work, Joanne Barrett in goal, the awesome drives of Sue Pascal and Katie Curran, and the overall great play of Hannah Volterra, made for one of the best defensive units in the league.

Much of the credit for our improved play goes to the patience, help and understanding of our coach, Mr. Frank O'Connell. Our thanks also to our manager, Anjali Mallik. Good luck to next year's team.

A.H.S. FOOTBALL TOUCHES DOWN

Our 1983 season was led by many outstanding players. Defensive linebackers Jerry Valade and Bill Leroux stood out as exceptional players. Mike Arsenault, Jim Cannata, Jamie Poirier, and Kevin Viau also shined defensively.

The offensive team was led by senior Tom Simkins and junior Bob Arsenault who were our main receivers.

Our defensive efforts led us through most of our games. The best of these being our match against our rival Bishop Feehan. Winning was a special experience for us and having the trophy at A.H.S. felt even better!

A.H.S. SOCCER - ALIVE AND KICKING.

This year was a learning experience for our team because it was basically a rebuilding year. With only two varsity players back from last year, it was tough. But next year the whole squad will be back with the exception of five players.

The seniors this year, Xay Lountalasouk, Tony Diaz, Elmo Zimenez, Chris Fyfe, and Marc Leclerc, all played well and we hope their outstanding sportsmanship will continue.

Even though this year was not as we would have liked it to be, we are all looking forward to a great season next year.

A.H.S. GIRL'S SWIM TEAM-LENGTHS AHEAD

The 1983 Girls Varsity Swim Team finished its season with a 4-4 record. With the unexpected loss of 4 members due to injury, transfers or members that had graduated, the team slowly worked on its rebuilding with new recruits.

Throughout the season, consistent high point performances were received from many of the members.

The developmental meet was held at the close of the season. Attleboro finished first out of a strong field of competition. The team came out of the meet with an abundance of personal "best times".

As the season came to a close, we remembered such group activities as freshman initiation, bake sales and the closing banquet. As we remember the smoothness of the meets due to the new computerized touchpad and scoreboard system, we wish captains Nicole and Cheryl and seniors Lisa, Terry, Ann and Heather the best of luck and best wishes to next years team!

A.H.S. VOLLEYBALL DIGS THEIR WAY TO VICTORY

The 1983 volleyball team had a winning season with a record of 9-5. Unfortunately, the team missed going to the state tournament by one game. There were four seniors on the team and many talented juniors and sophomores, who will be coming up next year for the Varsity team.

Thanks to Coach Riley, who is only in his third season with the team, we obtained a winning season. Co-captain Marcia Gulino was superior with her serving to start off every game and was great on the court. The other co-captain, Sandie Kile, did a great job with her offensive threat spiking. There were two other seniors playing for their second year; Sue Kile and Lisa Grylls. Sue, who added a lot of spirit and gave it her best on the court, and Lisa who played great in every position.

Next year's Varsity team will have the veterans Brenda Ralston, Chris McAndrews, and Diane French, being headed by co-captains Bonnie Milburn and Melissa Pineo. Good luck to them and the Junior-Varsity team, and good luck to the faculty in next year's Student vs. Faculty game.

FOOTBALL: A.H.S. SPIRIT

The Football season started off well this year because of the first place trophy the squad earned for being Grand Champions. We attended ice camp in August at SMU. This built the foundation for a good year.

The season was now just around the corner and we got started for the exciting year ahead of us. There were fifteen cheerleaders on the squad, which worked out very well. The Attleboro vs. Freehan game boosted all of our spirits as the football team went on to an outstanding victory. Even though we were a little disappointed about the outcome of the Attleboro vs. North game, the season was still full of great memories for all of us.

We would like to thank Susan Ouellette for her tremendous support and coaching for the past four years. With out her, many of our goals would never have been reached. We all wish her the best of luck in her future.

The basketball cheerleading season of 83-84 was very enjoyable. The numerous new girls proved to be a great asset to the squad. We have two seniors leaving us, Shauna Burns and Joanie Medeiros. We wish them the best of luck. As for the girls who are returning next year, they are very excited.

Although the record of the basketball team showed no where near the amount of work they put into this season, we feel they did a great job. We wish them the best of luck for next year's season.

BOY'S BASKETBALL PUTS THEIR BEST SHOT FORWARD

Although the AHS basketball team didn't receive many victories in the 1983-84 season, the year wasn't one to throw away. Prominent sophomores such as Mike McCutcheon and Dan O'Connell will lead this team to a bright future. With Greg Payette, Scott Sweet, and Brian Legg returning next year, the Bombers will be a threat outside the key as well as inside. We'd like to thank all who were involved with AHS basketball this year, especially Coach Dinardo. He is a true basketball devotee and can coach the game as well as any coach in Division I. I would like to wish the AHS hoopsters the best of luck in the future. We've had many great times this season, but what made them so great was the fact that nobody gave up. To all who are returning next year, keep up the good work!!

GIRL'S BASKETBALL SHOOTS THEIR WAY TO VICTORY

The girls 1983-84 Basketball team is having a great season. Starting off the season by winning the Christmas Holiday Tournament has given the team alot of confidence. The team is at loss without height but does have the ability to box out for rebounds, due to the work of Sue Craw, Michelle Poulin, and Diane French. To take advantage of getting rebounds and quickness, there is just as good attack offensively with the shooting of co-captains Lori Gray and Sandie Kile, and the ball handling of Peg Leahy and Chris McAndrews. The team is not complete until you recognize the coaching of William Riley. He has worked with the team since their freshman year and knows how to put the skills together and be successful. Thanks to the rest of the team, who contributed greatly to our winning season. The 1983-84 team has enjoyed every minute of their winning season.

GIRL'S GYMNASTICS BALANCES TO VICTORY

The Girls 1983-84 Gymnastics team had alot of talent. You can pick out the privately instructed girls and see the experience they had. The girls without the experience really stood out because of their enthusiasm to learn and spirit for the entire team. The talent of the girls was not the only factor involved in producing a winning season; Coach Sulham was the best girls gymnastics Coach around. He worked the team and it showed! In 1983, the team qualified for the state meet for the first time and the team has a chance of going again. The combination of Coach Sulham's intelligent methods and the girls' talent gave the team its winning season.

BOY'S GYMNASTICS TUMBLES AHEAD

Over the years the Attleboro High School Gymnastics team has been a very strong organization. Attleboro gymnasts have been at the forefront in area competition for some time. The last several years, however, Attleboro has been lacking experienced gymnasts and has entered a rebuilding phase.

Best wishes go to Paul Goetz, who excelled on the parallel bars, to Gary Roderick who showed outstanding work on the parallel bars and led the team on the pommel horse, and to John Cote who's continued efforts on the pommel horse, high bar, and rings greatly helped this year's team. A big thank you is given to Coach Mike Martin for his time and understanding.

AHS BOY'S SWIM TEAM DIVES AHEAD

The team this year was relatively small compared to previous years, but for the size of the team we did exceptionally well. Thanks to Mr. Bonneville's constant help and hard work, we each were able to excel in our own events with some of our best times.

Among the juniors on the team this year, Steve Proia and Chris Carrigan have improved in their individual events, also Daryl Cavaca received his highest score in diving in the 1983-84 season. Each of these members is a great asset to the team.

A future of Good Luck is wished to the entire swim team.

WINTER TRACK HURDLES BY THE REST

This track season has been the best—One we're sure nobody will ever forget! With the guidance and enthusiasm of Sean McCracken and Mr. Newman we were able to reach our goals as athletes and as people; Such as the goals reached by Mike Arsenault, throwing the shot an unbelievable 58'5" and Mark Donovan breaking the speed of light at 5.5 seconds in the 50 yard dash. Our distance relay team, consisting of Keith Miles, Jim Biziak, Al Day and Mike O'Connel qualified for the Easterns. The girls had many outstanding performances by seniors Anu Viitala, Laurie Alter, juniors Michelle Lundquist, Paula Sword and sophomore Elizabeth Martin. As a whole, the winter track team went undefeated. To all the underclassmen, "GOOD LUCK!" and to all the seniors, "GO FOR IT!!"

"The Day

To the class of 1984:

This is our last stop, seniors; we are about to enter the complex world in which we live. No one said that it is going to be easy. There will be times when the road will be smooth, but there will also be times when the road will be twisting and bumpy. It is during these latter moments that we will long for the security of our high school years.

We all share the common experience of being part of the class of 1984, and this yearbook was designed to remind us of this. Our purpose was to capture every facet of our high school life that may help sustain us through those times when not everything is going quite right.

We hope you will use your specialized talents and the knowledge you have gained from your experiences at Attleboro High School to lead you in the right direction in life. We wish you all the best until the day . . . "When our roads come together" once again.

Wendy and Kristen
Editors, 1984 Tattletale

This yearbook would not have been possi without the hard work and devotion of ma people including our sponsors and, of cour our dedicated staff, who spent long ho creating and selling this yearbook. We wo like to give special thanks to the followi Mr. Dan Smith, our Josten's representati Mr. Gary Melino, our school photograp from Brown Studios; Mr. Robert Thayer, his special photography skills and ti Renee Desrosiers, who designed the co for this issue of the Tattletale; Jenn Swenson and Todd Watters, for th artwork in the faculty section; and Mr. D Byers, for his carpentry assistance. would especially like to thank Mr. Freder our advisor, for his guidance, knowlec and the special friendship that we h shared with him during the past three ye on the yearbook staff. The faculty and st of Attleboro High School also deserve tha as they were very understanding with inconveniences of our production sched
